

## **SPECIAL CLAUSE FOR TEMPERATURE-CONTROLLED CARGO**

Notwithstanding anything to the contrary contained herein, this insurance (except coverage against War risks covered under the Institute War Clauses and Strikes Risks covered under the Institute Strikes Clauses) covers loss of, deterioration of or damage to the interest insured from any cause which shall arise during the currency of the insurance.

Provided always that:

- i) It is warranty of this insurance that the goods are in sound condition and properly prepared packed and cooled and or frozen at the time of attachment of the insurance.
- ii) It is warranty of this insurance that the period between the first leaving of the goods from the shipper's premise or place of storage in the place of shipment and delivery to the consignee's premise or place of storage at the destination named in named in the policy shall not exceed the period listed in the policy.
- iii) The Assured shall take all precautions to ensure that the goods are kept in cooled &/or refrigerated or insulated space of during the currency of the policy except during actual loading or unloading operations.
- iv) It is a condition of this insurance that on discovery by the Assured, his servants or agents of any loss of, deterioration of or damage to any part of the goods immediate notice shall be given to Underwriters. In no case shall any claim be recoverable hereunder where notice is given to Underwriter more than 30days after termination of the insurance.

Provided always that the maximum amount payable under this clause in respect of expediting expenses shall not exceed the amount listed in the policy.
