

SHORTAGE FROM CONTAINERS, ETC.

This Insurer is to pay for shortage of packages and/or contents carried by the intermodal container, trailer or railcar.

Such shortage shall be ascertained by comparison of the number of packages and/or contents thereof shown in the shipper's or the supplier's invoice or packing list with those duly evidenced at the time of unloading at the consignee's or its agent's warehouse.

Evidence showing that the shipper has not failed to pack the exact number of goods into the container, trailer or railcar should be submitted before settling the claim.

Regarding the Transportation of bulk chemical cargo, this Insurer is also to pay for the shortage loss in weight in excess of the percentage listed in the policy on the whole.
