## DATA RECOGNITION ENDORSEMENT FOR PROCESSING OF SEMI-CONDUCTOR

## Article 1

In no case shall this insurance cover any loss, damage, expense or liability of whatever nature which might otherwise be recoverable under this insurance, whether directly or indirectly, arising out of or in any way connected with:

- (1) the use or operation of any computer, computer software, owned or not owned by the assured, where any such loss, damage, expense or liability arises, as a consequence due to the inability to correctly recognize, distinguish, dispose, calculate or, process date change to the year 2000 or any other date and/or
- (2) any change or modification in relation to the above subsection of or to any such computer, computer software

This exclusion does not apply to claims for loss of or damage to the subject matter insured reasonably attributable to

- i) fire
- ii) explosion
- iii) aircraft impact.

## Article 2

For the purpose of this Clause, Computer includes computer, computer system, computer hardware, microprocessor (microchip), integrated circuit or the like, and also includes any devices, products, parts that embed the same.

## Article 3

Notwithstanding anything contained in Article 1 of this endorsement, it is specifically understood and agreed that, the Insurer indemnifies, subject to the conditions of Institute Cargo Clauses and any other special clauses applied to this policy, loss of or damage to the semi-conductors and/or semi-conductor products, parts, devices and the like, during processing at assured's premises, not exceeding the amount listed in the policy any one accident and in the aggregate.
